Iran Feed, Additive and Drug Joint – Stock Company (IFDAC)

Field of Activity	Experience	Turnover (2022)	Staff
Agriculture, Animal Feed, Drug & Additive, feed inputs	25 Years	1 Billion Dollars	124

Overview

In 1998, a group of highly reputed and renowned pioneers established Iran Feed, Drug & Additive Joint– stock company to create one of the most comprehensive companies in the field of animal feed industry. The organization under the Ministry of Agriculture–Jahad support and a number of highly reputed entrepreneurs and industry owners and with more than half a century experience, managed to plan and implement strategies in order to improve the Feed industry in Iran.

Iran Feed, Drug and Additive Joint-Stock Company (IFDAC) was established with the aim to be one of the most comprehensive and consolidated commercial-trade organizations to improve feed production in a high quality and quantity.

Having more than 145 affiliated feed mills as the members, now the company supplies about two third of the total feed production in Iran. Appropriate geographical distribution of members, warehousing high capacity, well-equipped laboratories, remarkable technological capabilities, considerable turnover and active education and research department, enable the company to cope with its duties perfectly.

Mission

Participation in economic development by strengthening the promotion and expansion of animal feed, and provide an environment with effective and constructive role in the recovery and improvement of business environment and individuals' quality of life for the industrial companies, scientific centers, organizations and professional companies in the city centers of provinces.

Vision

- Transforming the company into a database in the field of animal feed industry, so that the relevant industrial policies are not implemented without the participation and presence of the Joint-stock company.
- The vision would be more touchable by focusing on the following strategic issues:
- Becoming a stable organization having optimal financial system.
- Establishing and remaining in the relationships, with collaborations and effective partnerships nationally and internationally.
- Creation of a think-tank and expert industrial / economical professionals.
- Becoming a leader in creating and developing standards of corporate governance, social responsibility and business ethics.
- Very broad recruitment and increasing the circle members.

Strategy

At the moment, with support and assistance of the private sector and valuable strategies of Ministry of AgricultureJahad, the organization has the possibility to become a member of related professional and specific associations.

The management tries to expedite and facilitate the industry's activities by following up important issues with the authorities. Some of the activities implemented by the organization include possibilities of offering low interest loans, lowering custom tariffs, facilitating export, and controlling strategies of quality.

Already, the R&D center of the organization tries to increase the quality and lower the production cost of animal feed by accessing or importing new raw material technology.

In the other words, a high amount of investment has been made to cooperate with R&D sections, and organizations in Europe, Asia and India, which the Pro-biotic animal feed production is one of the major implemented strategies.

About the Managing Director

Dr. Majid Movafegh Ghadirli has studied, investigated and worked in husbandry industry and Iran animal feed, additive and supplement since 1998.

Some of his Experiences:

- Member of the Board of Representatives of Iran Chamber of Commerce, Industries, Mines & Agriculture
- Member of the Board of Representatives of Tehran Chamber of Commerce, Industries, Mines & Agriculture
- Chairman of the Board of Iran Feed industry Association
- Managing Director of Iran Feed, Additive and Drug Joint – Stock Company
- First Vice President of the Board of Iran-Greece joint chamber of commerce from September
- Several other investment and trading companies
